SS ID: A6LS
Cerclis #:
Name: Gold King Mine Spill
Address: Animas River
City: Farmington & Aztec
State: New Mexico
Zip Code: 87401
County: San Juan

The contractor shall provide personnel, equipment, and materials to respond to the release of approximately 3 million gallons of mine waste water to the Animas River per the technical direction of the FOSC.

The contractor shall develop and implement a site specific health and safety plan for the site. The FOSC will review the health and safety plan prior to implementation.

The contractor shall provide alternate water supplies as required, for human, livestock and/or agricultural purposes. The contractor shall provide support services as needed; which may include hay for livestock, etc.

The contractor shall provide analytical services for disposal profiling for all waste streams, as required through technical direction.

The contractor shall provide the following daily reports of expenditures, which may be adapted by technical direction.

TO
Amount obligated TO
Amount expended today
Amount expended to date
Burn rate as of today

The contractor shall propose options for recycling, re-use, resource conservation and waste minimization efforts wherever practical/possible.

At the completion of site activities, the Contractor shall provide a report summarizing response activities. The report will include a description of the work performed and a description of any problems encountered. Field documentation, laboratory analytical results and any other pertinent information will be included in the summary report. This report shall be provided within 30 days of completion.

The contractor shall coordinate all activities with the FOSC, impacted local and state authorities, and EPA START contractor.
